THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 3/4 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

After The Grippe

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.

"Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.

"At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."

Take CARDUI

The Woman's Tonic

For the after-effects of any serious illness, like the Grip, Cardui is the best tonic you can use.

It builds strength, steadies the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.

Cardui is your best friend, if you only knew it. Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you?

Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for they are not for sale in any drug store except in the Cardui bottle. Try Cardui.

WAS LEBUS OFFERED BRIBE?

LEBANON, KY., September 7th.—State Senator W. A. Byron of Bracken county delivered a startling address to tobacco growers who assembled in this town Monday. He alleged that an attempt was made recently to bribe Clarence Lebus, President of the Burley Tobacco Society. According to Senator Byron, Lebus was offered \$250,000 to let the tobacco now in pool be sold at a certain price and to afterward sever his connection with the Society. Lebus at once dismissed the man from his office, according to the speaker, and reported the occurrence to the other members of the Society.

HUNDRED THOUSAND ACRES MAY BE POOLED

The District Board of the Burley Tobacco Society adjourned at 3 o'clock Wednesday afternoon at Lexington to meet again Tuesday, September 27th. In concluding remarks Mr. Lebus urged frequent reports from all counties, and expressed the hope that before the date of the next meeting 100,000 acres would have been signed. He said:

"We are in better shape than ever before, and I defy any man to deny it. The troubles confronting us upon this date last year no longer disturb, and we have made a fine start."

Hereafter the solicitors are authorized to pool Burley tobacco of the 1910 crop wherever grown.

Constipation

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you, I am free from all that this morning.
